

On May 12, 2008

China was rocked by a
devastating earthquake.

Thousands of
people have lost
their homes.

What can we do
at Roland School
to help?

We can show what a
good citizen is and put
our efforts into a
humanitarian outreach
program.

The Canadian Red Cross
is raising money to send
medical teams and
supplies as well as food
and basic necessities for
the survivors.

Together we can make a
difference, every cent
counts. Let's work
together to help the Red
Cross with their efforts for
those in need in China.

Together We're Better
